| HLC.01.C02 | At each Front Office shift change, there is a verification of the cash balance comparing the amounts posted in TMS for the different payment methods versus the cash in the Front Office drawer. This reconciliation is posted in the template cash count which is signed by both the outgoing and the incoming team members. Every day before the "night audit process", the Front Office member changes till status to 'closed' and executes the Balance. A cash movement will be automatically posted with the description 'Transfer between Cash' for the amount of cash that exceeds the cash float. This amount has to be taken out of the physical cash drawer and placed in an envelope/seal bag. The dropping of the cash in the drop safe is done by the team member/s signing the "Drop safe witness | For the day randomly selected, report the following evidence: a) Copy of the cash count template signed by both the outgoing and the incoming team member for the three shifts and the night audit (only when performed).
